

DECLARATION OF COMPATIBILITY

By

**WinnCare Nordic ApS
Taarnborgvej 12C
4220 Korsoer
Denmark**

The below listed product types are designed and tested according to standard **ISO 10535:2007** for **non-rigid body-support units** for attachment on hook suspension points, that also meet the requirements from the above-mentioned harmonized standard.

If the non-rigid body-support unit should be used with a patient lift from another manufacturer than WinnCare Nordic, we advise to see the user manual for correct and secure attachment to suspension points.

Following types of Ergo Slings are covered by this declaration of compatibility.
